Ambassador !
I will reply later –
Please withdraw for now
Very well
I will be waiting for your reply

Say what ?!
He wants my daughter ?!

If it is really his intention,
I say it is good for both of us

If your daughter marr es our king he w ll be your son in law
Isn't it good for both of us ?

This is - !
He is trying to hold my daughter hostage
You little - !

www.janimes.com

I can never tell her directly
I cannot tell her to go to Anator a
She won't even be the queen She w ll be just a second!!

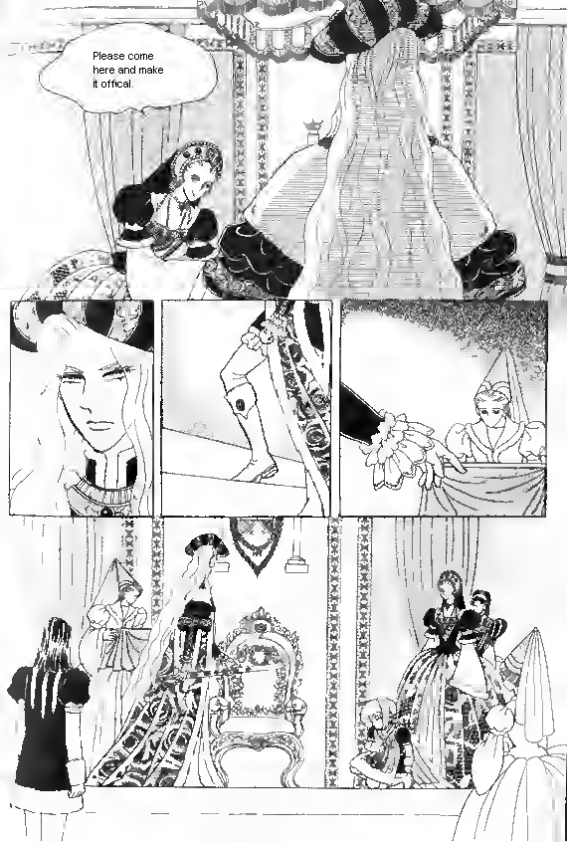
Hello lady Vernel
Hello lady Yura
It's been such a long time since the last party
Sshh!
The former king opened a party every four days
Since there is no queen, I thought there wasn't going to be a party anytime soon. I am grateful to lady Haiga.
I was so excited last night that I couldn't get sleep at all
Looks like most of nobles are here. This party is for a child though.
The most powerful lady in the country, lady Haiga is hosting this party. Of course, most would attend
Ah, there is lady Haiga.

Oh my..
s that child the one
lady Haga s
going to adopt at th s
party ?
I heard that the king
w ll grant a title to
hm at th s party
A title at h s
age ?
Does that mean -
if anything happens to
the king, that child will be
the heir ?
Lady Haiga has no son.
Is that why she is adopting
a male child ?

By the way, who's that lady behind them?
I don't... know...
The majesty is here.
Oh, the majesty
The legendary handsome man
He used to open parties all the time when he was in southern region. This is his first appearance in a party after he became the king.
It was said that the king was going to attend to the party. It had gotten ladies pretty hot with their tailors to make better dresses.
Some were afraid of not getting invitation. So, they personally visited lady Haiga.
Because the king hadn't opened any parties since he became the king, other noble ladies were afraid to host any parties.
He is still single and is known to be the most handsome man in the country. No wonder ladies were dying to get into this party.
Even men admire him.

Sre I am honored to have you at th s party
Th s ch ld is the ma n character of th s party S bel

Your majesty
Sibel Tor greets you
Be valant like the lady said
My husband is not adopting him I am So, he's following my maiden name
Please bless this event
What? Maiden name ?
Is she really just adopting him? Maybe a hidden son?
Be quet Only lady Haga can stand against the king Let's just watch
So this is what you have been planning to do ?
Host a big party and gather every nobles in the country and then announce and grant Tor to Sibel ?
You win this round
I can't humiliate you
www.janimes.com

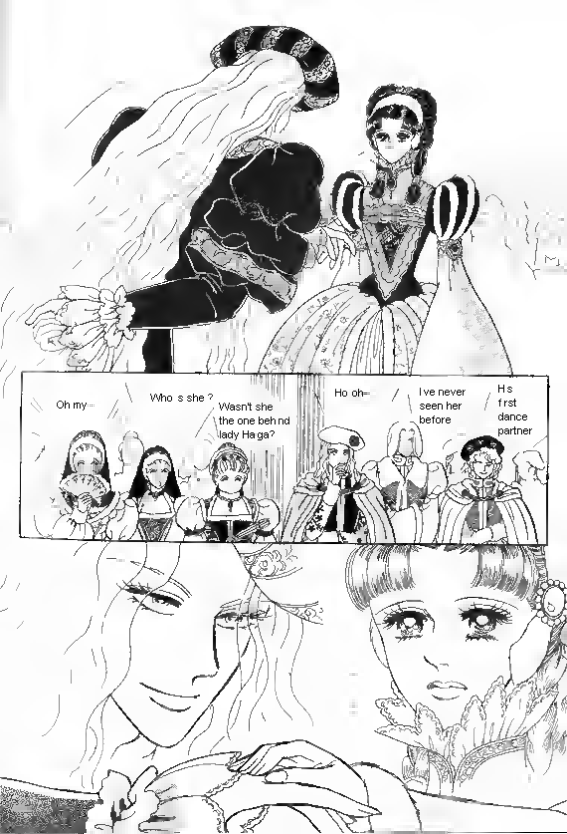


Please come here and make it offical.

I the k ng of Anator a Skade Tor
grant thee S bel Tor a rank of lord As long as Anator a stands so s your t tle
Ss
I Are you see ng th s ?
Your son s now a lord
He s f nally allowed to l ve by h s father just as you wanted

This was the moment that Sibel Tor, or Tor the second, was given the last name awkwardly.
Being given a title of lord at age of six made everyone realize his existence and its importance
I think Sibel's fate is stronger than yours
So
Don't worry about us
And rest in peace

Thank you your highness
Thank you everyone for coming to bless this event and my son
Now it's time to enjoy
Finally the music—
The king is moving
He's going to choose his dance partner
Who will it be?



Oh my--
Who s she ?
Wasn't she the one behnd lady Haga?
Ho oh--
I've never seen her before
His frst dance partner

Nice view,
He's really good at parties as well, don't you think ?
Huh?
Oh, yeah.
His eyes are sharp when a sword is in his hand.
His eyes are warm when he is holding women's hands.
... Yes, I guess people change according to situation.
Who d th nk she was the same person ?
In a ragged dress, wth a small cloth bag wth her nephew
Who d th nk she was the same person ?

Tell me more

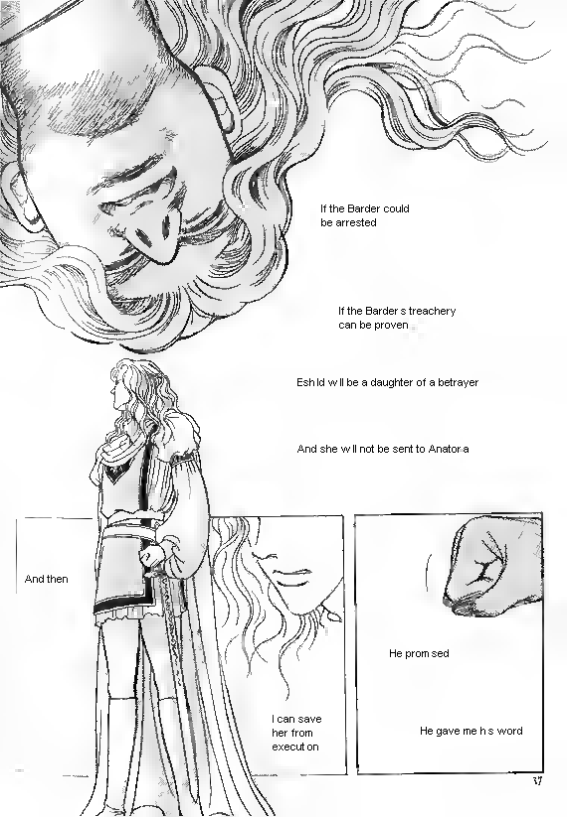
We grew crops for ourselves
And we sewed at night.
I wasn't good though, you sucked

I swam in a nearby river with Sibel and ran around with wet clothes. Though it dried fairly fast.
When we became hungry we caught f shes and cooked them

Sometimes
we'd make a campfire
right outside of the house
and roasted potatos and sang
songs
Sometimes I fell asleep
outside while Lin was
telling stories to his
son Sibel
But you weren't
there
You are literally locked up
now Don't you miss
that time ?

With just one w fe Bi me
and three ch ldren
If I had a brother
I would have g ven
away the throne to h m
and I ve with Bi ke
that
No more ch ldren
Lett ng them play the way
they l ke n fields
Eat crops that were
produced by my own hands
Wear clothes
ta lored by Bi
I teach read ng and hunt ng
And Bi would teach sew ng and cook ng
Sleep under the same roof at n ght
I would have l ved l ke that if I could
What I truly wanted was
What everyone else s
allowed to have

Why don't we just arrest the Barder ?
With what reason ?
He s mak ng a secret army
And he s plann ng to betray Ramra with Anatora
Every family has their own army Just because he has more than others that does not mean he s plann ng to revolt
As for h s treachery there is no solid proof at all
Due to the engagement incident the Barder s be ng supported by others We must not make any moves without solid proof
Until he actually does someth ng we will just have to watch
Be prepared and wait for the time to come Don't you think I haven't thought about other solutions ?

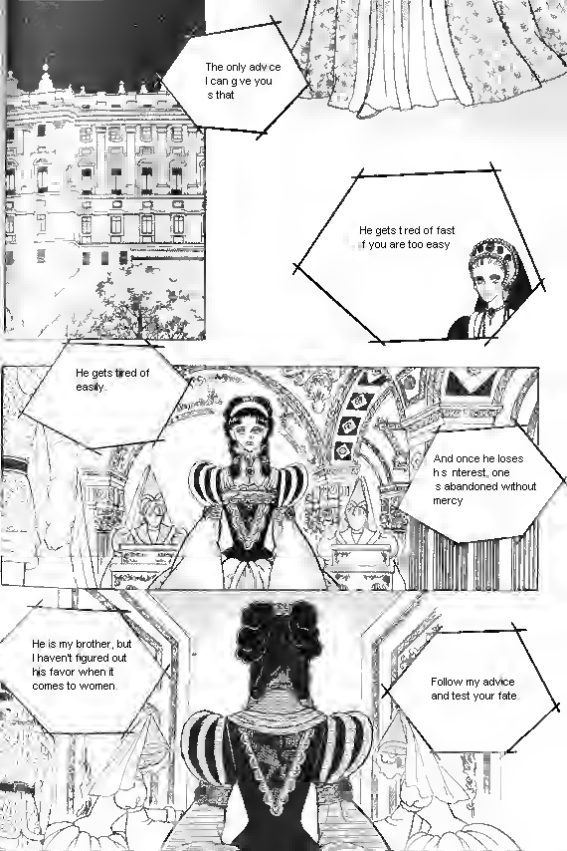


If the Barder could be arrested
If the Barder s treachery can be proven
Eshld w ll be a daughter of a betrayer
And she w ll not be sent to Anator a
And then
I can save her from execut on
He prom sed
He gave me h s word

Considering it was your very first time, you did well.
Thank you.
Everyone was curious of you.
For now I told them that you were a distant relative of my husband who was living in a remote region
Um m lady
You will be called to pretty much every party So get used to it
The king has ordered to move lady Lalais belongings to his quarter

I am sorry but
he sa d r ght now
You..move
mportant stuff
r ght now
Yes

Lady
Darn
When d d he thnk th s ?
Can you help me ?
Do you th nk you can avo d hm ?
He s an extremely obsess ve person You better g ve yourself n



The only advice I can g ve you s that
He gets t red of fast f you are too easy
He gets tired of easily.
And once he loses h s nterest, one s abandoned without mercy
He is my brother, but I haven't figured out his favor when it comes to women.
Follow my advice and test your fate.

You are shock the publ c
Let them know that the king has broken the engagement just to marry a commoner
Make it sound that the king s the bad one so that the publ c will support me
You can count on us
It must be done very preciously. No one must know that it is a scheme

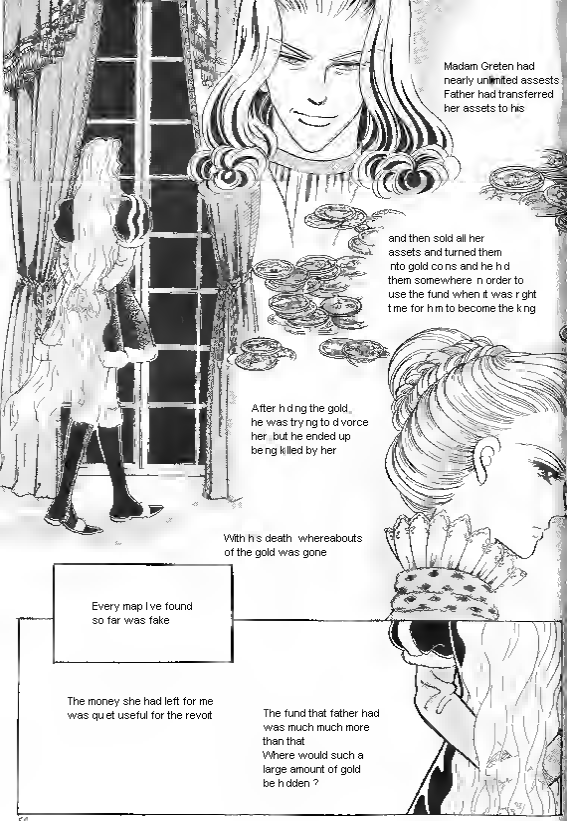
Reuten Tor was a bastard. A bastard's child dared to want my daughter ?
He who killed his own king dared to demand my daughter as just a mistress ?
He is trying to shackle me.
If Eshild is sent to him, the public will blame Biyon and it will be easier for me to revolt. After revolt is successful, he is going to make me a puppet king by using Eshild. Do you really think I am going to fall for that?

Before Byon approves Tor s demand
Before he does send my daughter to Tor because of the damned btch.
I must do someth ng
If the btch d es everyth ng is over No more deal for mak ng her the queen of Ram ra
And Tor s demand w ll of course be gone
I must do th s

But sending few as assassins won't work anymore.
The castle has been fortified with Vaida's soldiers
If I begin, Tor has promised to assist
Should I do it now
Or wait and make the public blame Bilyon.
Even for Bilyon, it will be hard to send my daughter to Tor.
Should I bring this to the council ?

Um..., lady, the king will be here soon.
You should take bath and change into night gown. If you don't, the king will kill us, seriously.
Please we beg you

It's not there, either ?
We've searched the area thoughout All we found was few cold coins in few vases
It looks like th s map was a fake
All attempt has been fa lure
Where m ght the enormous fund that father has h dden be



Madam Greten had nearly unlimited assests Father had transferred her assets to his
and then sold all her assets and turned them nto gold co ns and he h d them somewhere n order to use the fund when it was r ght t me for h m to become the k ng
After h d ng the gold, he was try ng to d vorce her ,but he ended up be ng killed by her
With h s death whereabouts of the gold was gone
Every map I ve found so far was fake
The money she had left for me was qu et useful for the revolt
The fund that father had was much much more than that Where would such a large amount of gold be h dden ?

Everything happened.
While I was away in Ramira,
I didn't know about this until recent. A son of a worker who didn't return after his supposedly task that involved hiding the golds was speaking of the story while he was drunken.
It was just too important to ignore. So, after some researching, the money I was given and madam Greten's assets don't match at all
Does the fund really exist ?
Or am I just wasting my time here ?

Mother, going out again ?
For a little bit it s just a tea party
If general Vada f nds out
Will you stop nagg ng ?
We d d not come to Ramra just to h de n a house

No one here knows that we are from Anatoria
I am known as lady Sharu who came from southern region.
Ladies just drink tea and talk If something like that isn't even allowed it's as good as being dead
But still
If you keep talking to others you might make mistakes and they might find out
So what if they find out ?
-ohio-
They are not going to kill us
The fact remains that you are a sister of king Tor
No one can underestimate us Got it ?

What ?
Why are you so surprised ? It's not new that the king sleeps with women.
But
She s lord Sibel s
So what ?
It s not that rare that s sters become marr ed to one man
Yes. r ght
He should be in h s quarter by now
Anyway, I never imagined a woman from a mountain would end up like this
I wonder if lord Sibel is really the king's son.

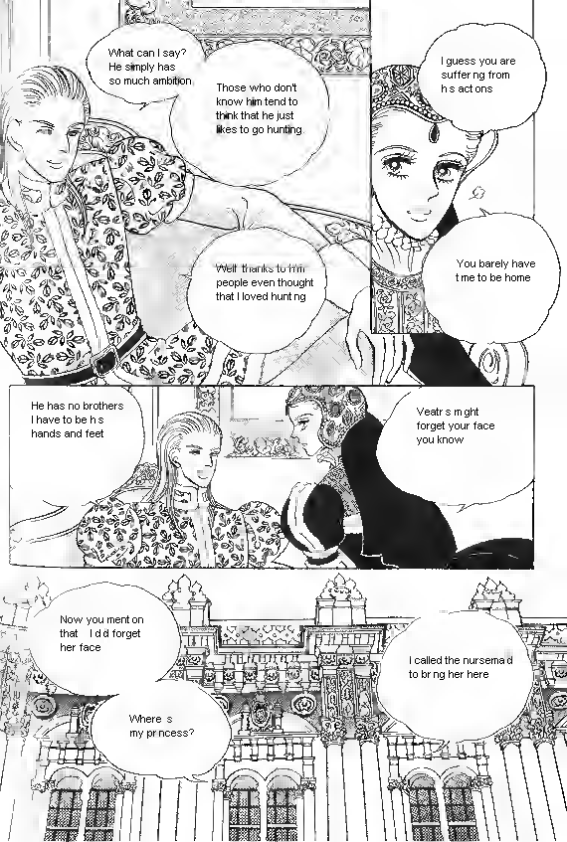
Welcome back. Why don't you rest before going out.
Not only he drove his men early in morning for hunting, now he is doing a party as soon as he comes back ...
Well, all I can say is he has a lot of energy He woke up the earliest and goes to bed the latest after conferences and then communicating with...
Wait he d din't only hunt but d d meetings and other th ngs?



What can I say? He simply has so much ambition.
Those who don't know him tend to think that he just likes to go hunting.
I guess you are suffering from his actions
Well thanks to him people even thought that I loved hunting
You barely have time to be home
He has no brothers I have to be his hands and feet

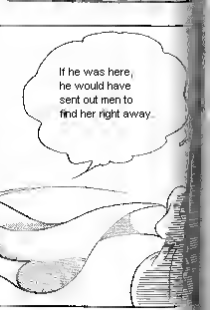
I will bring my men and search the downtown.
Should you leave your post at a time like this ?



If he was here, he would have sent out men to find her right away.

Eshild ?

I don't know if I should say this, but isn't he going too far with this?
You think so, too ? He is a young man. So, I understand that he likes women, but why is he shaking up the whole country for just a woman ?
Other than that he's a fine king though
Anyway I am disapponted
I am afraid what might happen in the future

Is he really going to make this nursemaid's daughter the queen ?
That's why he's doing this. Is he not?
I guess miss Barder is the miserable one
I wonder if the prime minister is going to do anything at all
What if he doesn't? What could he do ?
